Primary Industry Support Package (PISP) Stream 1 – Critical Producer Grant (CPG) – Agriculture Program Guidelines

1. Purpose and Objective

This assistance measure, made under agreement between the Commonwealth and State governments, is to provide a timely and proportionate response to minimise the impact of these events on primary producers by delivering rapid assistance to support sustained recovery. This will support you in returning your primary production business back to 'normal' operations as soon as possible.

The program provides funding to *primary producers* and *primary production enterprises* impacted by the February and March 2022 NSW Severe Weather and Flooding (AGRN 1012) event in targeted industries to assist with damage repair, job security, and build resilience to reduce the impact of future adverse events.

2. Assistance Available

- 2.1 **dairy:** grants of up to \$100,000 per affected *primary production enterprise*, per ABN
 - 2.2 **extensive livestock (cattle and sheep):** grants of up to \$75,000 per affected *primary production enterprise*, per ABN
